

*Enhancement, Enablement and Empowerment
of the Global Aerospace Manufacturing Network*

AoT focuses on Enhancement, Enablement and Empowerment (3E) to develop organisational culture and growth. We do this through our digital technology platform and creative consulting capabilities. Our supply chain technology platform is the first step towards your organisation's aerospace industrial "internet of things" transformation. We contribute to all aspects of your business, by providing tools, technology and training that Enhances operations, Enables growth, and Empowers people.

VISION AND MISSION

The name AERONET of THINGS speaks to our vision of creating a connected network of enhanced, enabled and empowered aerospace organisations.

Our mission is to Enhance, Enable and Empower (3E) aerospace technology development, product development and manufacturing organisations.

CORE VALUES

Professional: *We commit to service excellence and engage all clients and partners with a high degree of professionalism*

Integrity: *Our business is conducted with the highest principles in behaviour and ethics*

Respect: *We embrace diversity within all work cultures and value human dignity*

Passionate: *Our energy is contagious as we strive to create a positive change*

Innovation: *We pursue forward-thinking solutions*

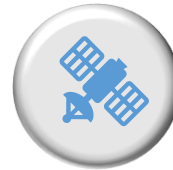

*Enhancement, Enablement and Empowerment
of the Global Aerospace Manufacturing Network*

TECHNOLOGY

AoT Digitally Enhances, Enables and Empowers (D3E) your Industrial Internet of Things transformation through its Supply Chain platform. The Spare Parts Manager (SPM) is a powerful solution dedicated to digitally transforming organisational business activities.

S.P.A.C.E. as a SERVICE

*AoT's "Working in S.P.A.C.E." philosophy is at the core of its 3E consulting services. Based on the key elements of developing **Smart, Pragmatic, Activated, and Cultured Environments**, we discover, map, and help you reach your business goals. We don't just manage your projects, we transform them by Enhancing, Enabling and Empowering S.P.A.C.E.*
